

# Advacip 400<sup>®</sup>

## CIP Cleaner Additive

A caustic and acid additive to CIP for high temperature equipment.  
It contains a perfect blend of surfactants, sequestrants and inhibitors

- Used in CIP cleaning of stainless steel pipes, tanks, fryers and equipment in the beverage, dairy, snacks and meat processing industry. It penetrates and dissolves caramelized tannins, oxalates and sugars and other organic soils that can harbor bacteria thus enhancing finished product quality and shelf life.

### General Use Instructions:

#### Cleaning In Place (CIP)

Charge at 0.1- 0.3% with water, depending on the degree and nature of soil to be removed.

Incorporate ADVACIP during the alkali wash step.

Available scent:  
**Unscented**  
Available packaging:  
**Carbouy (25kg)**

#### First Aid Measures

**Eye contact:** Flush eyes with running water for at least 15 minutes. Seek medical attention immediately.

**Skin contact:** Wash with running water for at least 15 minutes while removing contaminated clothing. If symptoms persist, get medical attention immediately.

**Inhalation:** Move patient to fresh air. If symptoms persist, get medical attention immediately.

**Ingestion:** If the person is conscious, give small amount of water to drink. NEVER GIVE WATER TO AN UNCONSCIOUS PERSON. Do not induce vomiting. Seek medical attention immediately.

#### Caution

**Eyes:** Corrosive to eyes

**Skin:** Corrosive to skin

**Inhalation:** Irritating to respiratory system

**Ingestion:** Can cause burn to mouth, throat and stomach

#### Handling and Storage

**Handling:** Before use, carefully read the product label. Use only with adequate ventilation. Wash thoroughly after handling. Keep away from ignition sources.

**Storage:** Store in a tightly closed container. Store in a cool, dry, well-ventilated area away from reducing agents and combustible materials. KEEP OUT OF REACH OF CHILDREN.

#### Personal Protection

**Eyes:** Use splash goggles. For continued exposure, wear a face shield over the goggles.

**Hands:** Rubber gloves, or chemical resistant gloves preferred.

**Skin:** Use splash aprons preferably synthetic aprons. Use other necessary protective equipment to prevent skin contact

**Inhalation:** Avoid breathing dusts or mist of this product.
