

Degreaser 16[®]

Fat Oil Cleaner / Degreaser

Degreaser 16[®] very powerful liquid degreaser, formulated from special emulsifiers and wetting agents. This product combines maximum effectiveness with minimum hazard • Formulated with fast-acting detergents and Alkaline builders to cut through heavy grease and grime.

- Removes accumulated Carbon deposits on various kitchen equipment.
- No harsh fumes when used in boil-out of fryers

General Use Instructions:

Generally used at a concentration of 1-5% light soil and 5-10% heavy soil solution depending on the toughness of the soil to be removed. The following directions are flexible rather than specific. Generally, a more dilute solution can be used, while for extreme conditions a more concentrated solution may be needed.

SMOKE HOUSE

Heat solution to 60-70°C and spray on the walls and smoke chambers of the smokehouse.
Allow a contact time of 10-15 minutes before rinsing with water at ambient temperature.

OVEN/GRILL

Spray the solution onto the grill or surface (preferably while still hot) and allow to react for 3-5 minutes before brushing. Rinse well.

FLOORS, WALLS AND COOKING VATS

Rinse surface to be cleaned with water at 50-70°C .
Apply the cleaning solution on the surface of the floor or equipment at 60-70°C .
