

Foamklin

Foam Cleaning Degreaser

FOAMKLIN[®] is a unique product that contains a complex blend of surfactants, cleaning active substance, and chlorine-based disinfectant.

- Suitable for sanitizing of conveyors, trays and crates, bottle fillers, production tables, floors and all kinds of equipment
- Used in foam cleaning system
- Helps prevent black mold common in bottling lines in beverage industries
- Non-corrosive and safe to use daily
- Effectively removes accumulated fats and protein soils.

General Use Instructions:

Foam cleaning of processing area and equipment:

1. For better results, pre rinse surface first with water to remove dust and other debris.
2. Prepare 1-5% solution of FOAMKLIN[®]. Fill foamer with water $\frac{3}{4}$ full to allow sufficient amount of air. Add approximately 1 – 2 liters of FOAMKLIN[®].
3. Add compressed air in the foaming equipment. Check pressure gauge if it reaches 20-30 psi before applying solution.
4. Open release valve and start foaming making sure that the entire surface is covered with foam.
5. Allow contact time of 5 – 10 minutes.
6. Rinse thoroughly with water (Do not allow foam to dry).

Available scent:
Unscented variants only
Available packaging:
Gallon & Carbouy

First Aid Measures

Eye contact: Flush eyes with running water for at least 15 minutes. If irritation occurs, immediately seek medical attention.

Skin contact: Wash with running water for at least 15 minutes. Remove contaminated clothing. If irritation occurs, immediately seek medical attention.

Inhalation: If irritation occurs, move patient to fresh air. Immediately seek medical attention.

Ingestion: If the person is conscious, give small amount of water to drink. NEVER GIVE WATER TO AN UNCONSCIOUS PERSON. Do not induce vomiting. Immediately seek medical attention.

Caution

Eyes: Irritating to eyes
Skin: Irritating to skin

Inhalation: Irritating to respiratory system

Ingestion: Irritating to mouth, throat and stomach

Handling and Storage

Handling: Wash thoroughly after handling. Do not allow water to get into the container because of violent reaction. Minimize dust generation and accumulation. Do not get in eyes, on skin, or on clothing. Avoid ingestion and inhalation. Discard contaminated shoes. Use only with adequate ventilation.

Storage: Store in a tightly closed container. Store in a cool, dry well-ventilated area. Store away from acidic products. KEEP OUT OF REACH OF CHILDREN.

Personal Protection

Eyes: Use splash goggles. For continued exposure, wear a face shield over the goggles.

Hands: Rubber gloves or chemical resistant gloves preferred.

Skin: Use splash aprons preferably synthetic aprons. Use other necessary protective equipment to prevent skin contact.

Inhalation: Avoid breathing dusts or mist of this product. Use respirator when ventilation is insufficient.
